DETAILED ACTION

Response to Amendment

The response filed March 27, 2006 has been entered and considered.

Claims 21-23, 25-27, 29, 31, 34, 35, 39-85, 87-95 are pending.

An action on the merits follows.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 56, 70, 71, and 89 are rejected under 35 U.S.C. 102(b) as being anticipated by Allen et al. (U.S. Patent No. 5,737,491).

Allen et al. discloses a method of using a handheld wireless communication device (10) comprising: receiving a plurality of images at an image input device; storing said

Art Unit: 3625

images in memory; receiving second data representative of a speech input from a user at a user input device comprising data relating to at least one of said plurality of images (; after storing, establishing a communication link with a remote destination via a mobile telephone network; wirelessly transmitting data based on said second data to the remote destination through the mobile telephone network. See col. 2, lines 34-51; and col. 3, lines 5-10.

Allen et al. further discloses establishing a voice communication link with a remote device through a mobile telephone network; receiving voice data from the user; and wirelessly transmitting data representing said voice data through said voice communication link. See col. 4, lines 29-35.

Allowable Subject Matter

Claims 21, 22, 23, 25-27, 29, 31, 34, 35, 39-51, 52-55, 74-85, 87, 88, 90-92, 94, and 95 are allowable over the prior art of record.

Claims 57-69, 72, 73, 93 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 56, 70, 71, and 89 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
